

The Psychology Department at Oakland University is conducting a research study concerning the sexuality of romantic couples.

The purpose of this research study is to understand conflict and sexuality of individuals in romantic relationships.

To be eligible, you must be in a heterosexual, sexually active relationship for at least 3 months, and you and your partner must be between the ages of 18 years and 35 years.

You and your partner must be able to come to the lab at the same time for Session 1.

If you take part in the study, you will complete an approximately 1 hour survey in the research lab and then complete an approximately 30 minute survey online, six months later. The purpose of the research study is to understand conflict and sexuality of individuals in romantic relationships.

Each person will be entered into a lottery for a chance to **win a \$50 Amazon gift card** after completing Session 1 (in the lab). Each person will also be entered into a lottery for a chance to **win another \$50 Amazon gift card** if they complete Session 2 (online). The total time for participation is approximately 1.5 - 2 hours.
